Same university at home, same faculty abroad, same deadlines.

# Rijeka — our home by the Adriatic

**No 1**

port of Croatia

**No 3**

city in the country by  
population

**2020**

European Capital of  
Culture

**2023**

Croatia adopts the euro  
and joins Schengen

We studied at EFRI — the Faculty of Economics and Business of the University of Rijeka.

# The money question

**€5,000**

**Erasmus+ grant per student, per semester**

≈ €1,000 a month. No tuition fees — exchange students pay nothing to the host university.

**Enough for rent, food  
and travel —  
and a little left over.**

## Life in Rijeka

Left to right: The city and the Korzo · The Adriatic on our doorstep · Friends from across Europe

# Beyond Rijeka

# €19

**Rome → Barcelona, one way.**

A Croatian residence permit opens the whole Schengen area. With budget airlines and night buses, a semester becomes a continent.
